shower

Water  
saving

2 COLOR OPTIONS  
SILVER & WHITE

What is the secret to having beautiful smooth skin and silky hair after a shower? You could use the best available beauty products, but the results might still be lacking. It all comes down to one thing: water - the essence of life. Unfortunately, water does not always come in its purest form.

Even if your water supply is pure, water slowly corrodes the lead in household plumbing, and that toxic metal can seep into the water. Shower water contains heavy metals, chlorine and other chemicals and impurities. By taking a shower, we are contaminating our body through the skin, the largest human organ.

The Lotus multiple filtering system corrects the negative effects of hard water. It removes rust and impurities, making water clean, soft and healthier. In addition, its extra vitamin filter containing vitamin C nurtures your skin and gives it that special glow.

### SEDIMENT FILTER

### SEDIMENT FILTER

Removing rust, impurities

### MICRO PERFORATION SPRAYING PLATE

30 - 40% water saving due to fine micro holes

### POWERFUL AND ENERGIZING SHOWER

water-pressure rising effects

- ✓ **Sediment filters** remove heavy metals.
- ✓ **The vitamin C filter** (optional) is a direct antioxidant for healthy and shiny skin and hair.
- ✓ **Showering with filtered water** helps prevent itchy, dull skin and flaky scalps.
- ✓ **The filters save water**, and at the same time, provide three to four times more water pressure because of the shower head's nearly 240 micro-holes.
- ✓ **Vitamin filter** removes chlorine and other chemicals and impurities with a 99.9% antibacterial response, leaving pleasant and refreshing citrus scent.

RECOMMENDED FILTER SET-UP: the sediment filter in the shower handle and the vitamin filter in the shower head.

## MULTIPLE FILTRATION SYSTEM

## MICRO-PERFORATION SPRAYING PLATE

for powerful and energizing  
shower

## SEDIMENT FILTER

*(vitamin filter with antioxidant  
effect is optional)*

## IMPURITIES AND FINE PARTICLES FILTER

*(vitamin and micro fabric filter is optional)*

# LOTUS SHOWER IS THE SMART DECISION!

**Filtering water** not only gives you shiny hair and radiant skin, it has a great effect on your health. Lead and chlorine exposure can cause irreversible neurological issues. Showering with filtered water will remove impurities and the microorganisms that affect our immune system.

Its smart system is not only beneficial to your health, it also saves the only home we have, the planet Earth. Make the smart choice for your family!
